About Us

Rudra Manpower was built to fix what facility managers struggle with every day — absent staff, unclear billing, and security teams you cannot fully trust. A retired armed forces team oversees every deployment on the ground.

Founded in 2023, we saw the same problems across Delhi NCR: delayed wages, weak verification, high attrition, and poor accountability. Businesses deserved a manpower partner that treated their site like a mission, not a paperwork exercise.

Today we deploy PASARA-licensed security guards, trained housekeeping teams, and skilled labour across Gurugram, Noida, Rohtak, Sonipat, Manesar, Faridabad, Bhiwadi — for corporates, hospitals, hotels, malls, factories, and construction sites.

Our Vision

To become Delhi NCR's most trusted manpower partner — known for disciplined teams, transparent operations, and workforce solutions that set the standard for security, facility management, and industrial staffing.

Our Mission

To solve delayed payments, weak verification, high attrition, and poor accountability by deploying trained, police-verified professionals under military-inspired leadership.

Leadership

Capt Raj Kumar (Retd) — Director

Indian Army Veteran

After retiring as a Captain from the Indian Army, Raj Kumar founded Rudra Manpower in 2023. He runs operations hands-on with retired armed forces supervisors handling site assessments, shift briefings, and quality checks across Delhi NCR.

- Retired Captain, Indian Army
- Hands-on site assessments before deployment
- Police verification mandatory for security staff
- PASARA-licensed operations across Delhi NCR
